

# Hamm H 5iP

## The Hamm H 5iP Single Drum Padfoot Roller

The Hamm H 5iP is a single drum padfoot roller with exceptional climbing ability and hydraulic anti-slip control. The H 5iP is very easy to operate with clear operating elements within the air conditioned cab. The H5iP provides a dynamic compaction force of up to 5133 kg/m giving high production output.

- Three-point pivot joint for exceptional driving comfort
- Excellent climbing capabilities and anti-slip control
- Compact design
- Fully enclosed cab with exceptional all-round visibility
- Clear and easy operation
- Optional ECO mode; providing greater environmentally friendly and efficient operation
- Low body vibration
