

Hamm H 7iP

Hamm H 7iP Single Drum Padfoot Roller

The Hamm H 7iP is a single drum padfoot roller and is the world's shortest compactor within this weight class. The H 7iP has a dynamic compaction force of up to 7584kg/m giving high production output and its ergonomic design and unique climbing ability makes it the ideal choice for even the most confined projects

- Three point articulation
- Compact and Ergonomic design
- Excellent climbing capability and anti-slip control
- Clear and easy operation and instructions
- Optimum all-round visibility
- Optional 'ECO' Mode raising environmentally friendly and efficiency usage levels
- Air conditioned cab

Hamm H 7iP

Specifications

Drum width	1680mm
Operating weight	6410kg
Maximum centrifugal force	12742kg
Mass/m without vibration	2291kg/m
Mass/m with vibration	7584kg/m
Height of padfoot	80mm
Engine manufacturer	Kubota
Fuel tank capacity	123L
Total height	2925mm
Drum diameter	1360mm
Width over tyres	1844mm
